*Work advertised in Engineering News.

NOTE—We are desirous of securing specifications and bidding sheets (and plans when not too bulky) of pending work for file in our New York office for the benefit of contractors or others who may be interested in the work. If more sets than one are sent us we shall be pleased to distribute these to contractors who ask for them. When the work is advertised in Engineering News a note that the plans are filed with us will be added to the advertisement without cost.

The Construction News Department.

RAILWAYS.

The names of parties awarded contracts are printed in capital letters.

ABILENE & NORTHERN.—This company has been chartered in Texas to build a railway, 115 miles in length, which will extend from Hamlin, in Jones County, to Brady, in McCulloch County, with a branch to Stamford. The principal office of the corporation will be in Abilene. Capital stock, $200,000. The organizers of the new line, as given in the application for a charter, are as follows: Ed. S. Hughes, William G. Swenson, Henry James, H. O. Wooten, Abdon Holt and Will Stith, of Abilene; and Ben W. Fouts, Joseph E. Willis, D. T. Bomar and C. A. Sanford, of Fort Worth, Tex.

ALABAMA & MISSISSIPPI.—We are officially informed that J. P. GROOME & CO., of Silver Creek, Miss., were awarded contract on Feb. 1 for grading 3-mile extension southwesterly from Leakesville, Miss. N. E. Turner is Pres., at Vinegar Bend, Ala.

ATLANTA, BIRMINGHAM & ATLANTIC.—We are officially advised that surveying parties are now in field running a line for the railway extension from Warm Springs, Ga., to Atlanta. Alex. Bonnyman is Ch. Engr., at Oglethorpe, Ga. The work at present under construction was let to the following general contractors: C. D. SMITH & CO. and J. B. LEWIS, from Montazuma, Ga., to Talbottom, Ga.; CALLAHAN CONSTRUCTION CO., Talbottom, Ga., to Warm Springs, Ga.; C. D. SMITH & CO. and J. B. LEWIS, Warm Springs, Ga., to La Grange, Ga.; WRIGHT, WILLIAMS & WADLEY, from La Grange to connection with Eastern Ry. of Alabama, near Talladega, Ala. Work from Talladega to Birmingham not yet let.

CANADIAN PACIFIC.—Company has filed plans for a line to run from Woodstock, Ont., to Niagara Falls, via Hamilton and Grimsby. Also plans for a branch line from Victoria Harbor to Peterboro, Ont., with extensive improvements at Victoria Harbor. The object of this line is to secure lower grade than on the Owen Sound branch.

CORNING, LAKE KEUKA & ONTARIO.—It is said that construction work on this road from Savona to Penn Yan, N. Y., which has been interrupted for several months by legal proceedings, will be resumed at once. The original contracts have been annulled and new ones will be let. F. H. Peet is Pres.

CHICAGO, MILWAUKEE & ST. PAUL.—The contract for the construction of the Pacific Railway, the C. M. & St. P. Ry. Co.'s extension to the Pacific Coast, has been let for that section extending from Puget Sound to the Cascade Mountains and to the eastern boundary of Washington. The contractor is HENRY C. HENRY, Pres. of the National Bank of Commerce of Seattle, Wash.

CLEVELAND, AKRON & COLUMBUS.—The stockholders have authorized the construction of a branch from Howard, O., to Rightmere, four miles, to reach new coal fields. H. O. Hukill is Pur. Agt., at Pittsburg, Pa.

DELAWARE, LACKAWANNA & WESTERN.—It is reported that surveys are being made for the proposed cut-off, to be built by this company between Delaware, N. J., and Portland, Pa., to determine the best route for bettering the grade. The line is being run by way of the Stanhope-Netcong meadows. The distance is about 20 miles. Nothing has as yet been determined upon.

DENVER & RIO GRANDE.—Surveyors are in the field running lines for changes of track between Pueblo and Florence, Colo., a distance of 32 miles. Estimated cost is $350,000. E. J. Yard is Ch. Engr., at Denver, Colo.

DULUTH, ST. CLOUD, GLENCOE & MANKATO.—A report from Mankato, Minn., states that President E. R. Tobie and Secretary J. R. Dickinson, of the new ownership of the Duluth, St. Cloud, Glencoe & Mankato Ry. Co., have adjusted outstanding claims against the old company at Albert Lea, Minn. Active construction work will be resumed early in the spring. The line will be built into Albert Lea from Manchester.

GRAND TRUNK PACIFIC.—The transcontinental Railway Commission will invite bids at once, it is reported, for building portions of the line, which is to be constructed by the government. The bids will be for the section from the Quebec bridge westerly to the Saint Maurice River, about 150 miles, and for the section from Winnipeg easterly to Superior Junction, about 240 miles.

ILLINOIS CENTRAL.—A. S. Baldwin, Ch. Engr., Chicago, informs us that the proposed new line between Corinth, Miss., and Haleyville, Ala., is 80.16 miles in length, 42.34 miles of which is in Mississippi. For its construction the Mississippi & Alabama R. R. Co. has been incorporated, and the contract for grading and bridging has been let jointly to C. D. SMITH & CO., of Memphis, Tenn., and JOHN SCOTT & SONS, St. Louis, Mo., 37.82 miles is in Alabama, and for the purpose of its construction the Alabama Western R. R. Co. has been incorporated. The grading and bridging is to be done by GEO. O. CLINTON, 705 Fisher Bldg., Chicago.

KENTUCKY & TENNESSEE RY.—We are officially advised that C. B. DONAGHY has contract for pole and cross ties for this company. The line will be 25 miles long, of this distance eight miles are constructed. Willard Griffith, Stearns, Ky., is Ch. Engr. J. E. Butler is Supt. and Pur. Agt., at Stearns.

KANSAS CITY, MEXICO & ORIENT.—We are officially advised that this railway is now under construction between Kansas City, via Wichita, Kan.; Fairview, Custer City and Clinton, Okla.; Sweetwater, San Angelo and Presidio, Tex., across the international boundary into Mexico, and via Chihuahua, Minaca, El Fuerte to Topolobampo, on the Pacific coast, a distance of 1,660 miles. The grading is under contract to the UNION CONSTRUCTION CO. from Kansas City, Mo., to Lone Wolf, Okla., 436 miles, and is practically completed from Emporia, Kan., to Lone Wolf, Okla., a distance of 322 miles. On this section the line is completed and in operation between Wichita, Kan., and Oakwood, Okla., 156 miles, and track laying is proceeding south of that point, at El Dorado, Kan., Custer City and Clinton, Okla. From Lone Wolf, Okla., to Topolobampo, Mex., 1,224 miles, the work is under contract to the INTERNATIONAL CONSTRUCTION CO. Grading is practically completed from Lone Wolf to San Angelo, Tex., 275 miles; from Chihuahua, east, 85 miles; from Minaca, west, 65 miles; and from Topolobampo, east, 85 miles. On this section the line is completed and in operation from Sweetwater to Knox City, Tex., 76 miles; from Chihuahua, east, 71 miles; from Minaca, west, 50 miles; and from Topolobampo, east, 72 miles, and track-laying is proceeding on each of these four sections. Between Chihuahua and Minaca, a distance of 125 miles, the line will operate over the tracks of the Chihuahua & Pacific R. R. The Kansas City Outer Belt & Electric Railroad, a double-track line, seven miles in length, is now under construction, and will furnish terminal facilities for Kansas City, Mexico & Orient Ry. in Kansas City. M. P. Paret, M. Am. Soc. C. E., is Ch. Engr.; and W. W. Colpitts, M. Am. Soc. C. E., is Asst. Ch. Engr., at Kansas City, Mo.

MIDLAND CENTRAL.—Lyman Waterman, Gen. Mgr., O'Neill, Neb., under date of Feb. 4, writes us that "the surveys are all completed for the proposed 131 miles of line which this company will build, and most of the right-of-way is bought and will be all taken up within 30 days. We have not made any definite arrangement except that the promoters of the concern will put in $250,000 and will bond for the balance of the money for building the road. This is a meritorious proposition, passing through, as it does, one of the most extensive stock and grain countries in the west, there being no railroad on either side of this line within 20 to 30 miles, except where we cross the Chicago & Northwestern. We will construct from Spalding, Greeley County, Neb., to Springview, county seat of Keya Paha County, Neb. The road will pass through 15 new town sites, which are already bought. The company will commence construction about April 1st, and will be ready for bids March 1st." E. L. Myers, Newport, Neb., is Pres.; and Leslie G. Hicks, Omaha, Neb., is Ch. Engr.

MONARCH COAL & COKE CO.—It is reported that the Monarch Coal & Coke Co., C. D. Caldwell, Pres., Bristol, Va.-Tenn., wants prices on new and relaying rails.

NEVADA NORTHERN.—This company is building a railroad 148 miles long, from Cobre south to Ely, Nev., of which 70 miles have been graded. The UTAH CONSTRUCTION CO., of Ogden, Utah, has the contract. Grading is in progress on the remaining 78 miles. A. Judell, Ch. Engr., Cobre, Nev.; James Phillips, Jr., Vice-Pres.; George D. Beals, Secy., and H. G. Toll, Gen. Freight and Passenger Agent, all with headquarters at 79 Nevada Block, San Francisco, Cal.

NORFOLK & WESTERN.—We are officially advised that the following contracts have been let for new track work and extensions near Lynchburg, Va.: M. P. QUINN, 613 Fidelity Bldg., Philadelphia, Pa., N. M. P. 225.6 to 229.3; MORAN PHELAN CONSTRUCTION CO., 312 Keystone Bldg., Pittsburg, Pa., B. M. P. 229.3 to 232.7; VAUGHAN CONSTRUCTION CO., INC., Roanoke, Va., N. M. P. 232.7 to 237.6; JAMES F. McCABE CO., 519 Equitable Bldg., Baltimore, Md., N. M. P. 237.6 to 240.8; THE E. G. NAVE BROS. CO., Portsmouth, O., N. M. P. 224.5 to 225.6; MOORMAN BROS. CO., Lynchburg, Va., N. M. P. 417.5 to 422. C. S. Churchill is Ch. Engr. of N. & W., at Roanoke, Va.

NORTH CAROLINA.—Acme Lumber Co., Marlboro, S. C., is in the market for three to six miles 30-lb. steel rails, f. o. b. Atlantic Coast Line Railroad.

TEXAS CENTRAL.—We are officially informed that a 42-mile extension will be built from Stamford, Tex., to a town which has not been named. Survey is made and right-of-way obtained. Capital for construction is secured. Contract for grading has been let to J. A. OWENS, of Galveston, Tex., who has commenced work. TEMISKAMING & NORTHERN ONTARIO.—Cecil B. Smith, Chn. of the T. & N. O. Ry. Comn., writes us, in regard to the construction of the Canadian National Transcontinental Ry., that, "during the past three years, the Ontario Provincial Government, through a commission, has been building a railway northward toward James Bay, which will incidentally lessen the difficulties and expense of constructing the National Transcontinental Ry. This provincial railway, commencing at North Bay (thus forming a junction with both the Grand Trunk and Canadian Pacific Rys.) passes, via the Temagami Forest Reserve, through the silver Cobalt mining region to the northern end of Lake Temiskaming. This portion, 113 miles long, is in first-class operating condition, but, being designed originally as a colonization road, has 1% grades and 6° curves as maximums, although laid with 80-lb. rails. North of Lake Temiskaming, another 100 miles is nearly completed, with ¼ of 1% grades and 4° curves. Track is laid for 45 miles, and early next summer the track will be completed and reach the junction of the Black and Abittibi Rivers, within 35 or 40 miles of the most northerly location lines of the Transcontinental Ry., and in the vicinity of its line, which will pass south of Lake Abittibi. By next fall a connection can be made with the Transcontinental Ry., in time to enable this proposed trunk line company commence its construction operations not only from Quebec and Winnipeg, but also from a central point, which will practically cut in two the difficulties and time necessary for the construction of the Transcontinental Ry." The Grand Trunk Pacific Ry. Co. will build the portion of this great line from Winnipeg, Man., to the Pacific.
